Subject: Abject dismissal of the protesting truckers - Ambassador bridge

CAUTION: This email originated from outside of the organization. Do not click links or open attachments unless you recognize the sender and know the content is safe.

Dear Mayor Dilkens ...

Congratulations on a great achievement in the history of Justice and Fairness. The future generations of minions and puppets will proclaim your Services as laudable ...

What you achieved via the manipulated arrest of innocent brave-hearts and proud citizens of this stalwart nation, must have brought soulful gratification and amusing pride, within your caucus and its related henchmen.

Since the objective of this e-mail is not to exude wise and sane energy on your greatness, i shall come to the moot point:

i am linked with law enforcement in B.C. and am writing (on behalf of many) to influence you to immediately release the honest and upright citizens of this country who were detained at the site of the Ambassador bridge; and who, till last information was received, continue to be held without any formal charges. This is an unfortunate abuse of power; an abuse that we have witnessed rampantly across this country - and that has also exemplified the 'so-called Integrity' of Law Enforcement across the western, 'civilized' world!

Provincial Governments and its leaders taking refuge behind the rhetoric of devastating economic effects of lock-downs of bridges and other roadways casts an amusing and poor reflection of honesty, in the eyes of the 'awakened' citizens of Canada ... who are only too 'well-aware' of the mental, physical, economic, social and financial devastation caused by fraudulent and un-scientific lockdowns coercively mandated upon the denizens, over the last two years, to begin with!

Interestingly, we never saw any of the PM's cohort come out in the open to protest against THOSE consequences. (YES, we DO understand it was NEVER about public health, just in case you think otherwise)!!!

The protests by the men and women in Windsor, were peaceful and respectful. The environment, as constantly reported via the 'truth-stream' media with their boots on the ground, was that there was an environment of bonhomie and camaraderie. I myself have seen dozens of different viral, live-streamed videos..

To arrest such individuals on accusations of 'Mischief' and to abstain from granting them basic human rights to protest - under the crutches of an Emergency - is also one that has manifested in several 'communist' regimes across planet Earth.

It is a real pity Mayor Dilkens that you have not had the courage, the wisdom, the compassion and/or the integrity to manifest 'true' leadership in this fight against humanity. In the eyes of millions across Canada, you missed the opportunity to showcase true justice and values.

Canadians will not stand for this, forever; and in time, on the altar of God - if not in the courts - we shall all stand trial for our deeds.

My message and suggestion to you is to leave the 'politics;' and to grasp the reins of 'truth and humanity' ... and to free the protesting arrestees, unconditionally and immediately. (I might have added that you could 'apologize' to them; but that would be too much)!!

The CHOICE, is YOURS. My letter, is only a REQUEST.

Have a blessed year ahead ...
